

4K Quad Core Dongle

ATV195Y2

ATV195Y2 is an ultra-compact 4K Dongle, which is very suitable for plugging directly into an HDMI TV, and you will have another sense of experience.

● **Small size and convenient interface :**

The smallest 4K HDMI dongle in the industry;
Popular TYPE C interface, strong compatibility;

Direct plug-in HDMI out male connector, plug and play;

● **Good heat dissipation :**

The three-sided honeycomb heat dissipation hole design conforms to the principle of thermodynamics and is more conducive to performance improvement. Long-term high-frequency operation and low temperature rise allow the heat to be dissipated in time, which is one step ahead of the design.

● **Flexible control :**

360-degree uniform coverage, no dead ends, control and enjoy the experience.

● **Strong performance:**

Low power consumption LPDDR4, the main frequency is astonishing 1584Mhz, the performance is leap and stable !

● **Strong WIFI+BT :**

Built-in dual-frequency dual-copper antenna, 360-degree signal coverage in all directions, the speed can reach 440Mbits/sec, and you can watching TV smoothly.

● **Support personalized customization :**

Optional hardware configuration:
CPU/memory/storage/WiFi+BT;

Provide SDK secondary development;

MDM customization (remote device management);

APP customization;

Product Specification

CPU	Quad Core ARM Cortex-A53 CPU 1.5~1.8GHz
GPU	ARM G31 MP2 GPU
RAM	2G LPDDR4
ROM	Built in 8G EMMC (Optional 16G/32G/64G)
OS	Android 9.0
USB	Type C x 1
HDMI out	V2.0
DC Input	5.0V-1A
Video Output	HDMI 2.0
Audio Output	HDMI/BT
Remote controller	BT
WiFi	IEEE 802.11 b/g/n/ac 2.4G&5.8G
BT	5.0(optional 4.0/4.2)
Size(mm)	111*40*19.5
Net Weight	47.8g
Power Adapter	AC100~240V 50/60Hz
